

Tone Wood Floor Sealer

"A Clear Advantage"

Description

Tone is a light-ambering waterborne wood floor sealer with excellent abraadeability, high build and minimal grain raise. Easy application and good open time make it very user-friendly. Ideal for sealing stained floors – it locks in the color.

Characteristics

- Excellent abraadeability
- Highlights and enriches the wood grain
- Sits up on top of the wood for higher build
- Light ambering
- Low, non-offensive odor
- V.O.C. compliant: less than 275 g/L

Recommended Uses

Heavy-traffic residential areas. Restaurants, museums, retail stores, and other commercial venues

Application Properties

Coverage: 500 sq. ft./gal

Dry Time: 2-3 hours

Cure Time: ~75% after 24 hours; 100% after 1 week

Leveling: Excellent, with great open time and flow

Application Tools: Snow-plow applicator, roller, brush, or lambswool

Packaging

1-gallon F-style containers
